Please note these terminology for our rates list:

Meat processing:

We here at Blanco also deliver an additional service of processing your meat of the animals hunted before departure or at later delivery in the Gauteng province.

Bewerking kostes is as volg : 11 per kg sonder speserye en derms (Speserye en derms word bygevoeg teen kosprys)

So determining on what you want from the animal you hunted is the variable of what the cost would be. This is also less expense than most butcheries in the cities and eliminates the struggle of transporting whole carcasses.

i It is a condition of travel with Blanco Safaris that guests have travel insurance. Should they not have insurance cover, they will be personally responsible for any cost incurred as a result of a medical emergency or evacuation, as well as any other insurance claim such as loss of luggage.
